# MOUNTING INSTRUCTIONS
6827 安 裝 說 明

1.Loosen the **Set Screw** and disassemble the components for installation.
　用隨附的六角板手將埋頭螺絲鬆開, 使主體與底座分離.

2.Use **Mounting Base** as template to locate appropriate drilling centers with pencil. (Use paper template for towel bars.)
　用底座為樣板用鉛筆點繪出要鑽孔的位置.(毛巾桿須用紙板為樣板)

3.Drill holes in your marked locations. When mounting on drywall, insert **Plastic Anchors**.
　水泥牆在鑽孔後須使用隨附的塑膠塞.

4.Attach **Mounting Base** to wall with **Screws**.
　將底座鎖在牆上,並確認已完全固定.

5.Place **Faceplate** over center stem of the **Mounting Base** and hold in place.
　將面板套入底座.

6.Press the **Main Part** tightly over the center stem showing through the **Faceplate** and secure with **Hexagon Key**.
　將主體穿過面板套入底座,再用六角板手將埋頭螺絲鎖緊,完成安裝程序.
